NICHES

Think of it as furniture - that one special piece that sets off the whole room. Use a Niche to highlight a special piece of sculpture or vase in a hallway or stair landing. Classically

designed, Niches are made of a high density polymer for eas installation and lifelong style.

SHELL NICHE CAPS

Shell Niche Caps shown on this page are recommended when Niches on page 44-45 are not tall or wide enough - for example, on either side of a fireplace, or when shelving is desired to feature artwork, sculpture or books.

Shell Niche Caps have a groove on the under side of the curved cap. Installation is easy, by using bending hardboard to create the curved backing to any desired height. This provides the framework for mounting shelves.
